

# MOTIVATION

My name is Lohanna Belen Castro Huarcaya and I am writing to you to express my interest in the IE Master in Architecture (MArch), it would be a dream and a great privilege to enter and be able to do it since I will be able to learn new things and this will lead me to meet people with the same passion and interest as me for architecture, since the day I discovered that this career was for me, I have always wanted to improve myself and be able to express what I feel through my projects and share it with other people, for me the Architecture is communicating with others through spaces and translating it into a project.

for this reason I hope to be able to enter the Master in Architecture (MArch).
